WHAT'S THE USE OF TRAVELLING IF I...

I FALL IN PIECES BUT I'M FALLIN' TO ARISE IN M...

WHEN HE FOR WORLD

THE preENTER SESSIONS

Become part of the projection!
preENTER is an audiovisual performance based on **live sampling**. People from the audience can participate in the show by interacting with **flat bed scanners** that are feeding images to a projector. The underlying concept is **direct interaction** between audience and projection, which creates an active, open ended dialogue that makes the audience realize that there is "No life without interaction".
